Read the following passage and answer the questions below:

Aileen Riffin was born in 1906. Her father was in the navy serving in Philippines. There, she learned to swim at age 6. Around age 11, as she recovered from the flu, her doctor recommended swimming to rebuild her strength. Diving became one of her favourite activities. At that time, many people feared diving as it was too dangerous for women and girls. So, most indoor swimming pools would not let Aileen practise her lovable sport. Aileen decided to find other ways to practice her favourite sport. She joined the U.S Olympic trials. She used an outdoor tide pool; where ocean water gathered between rocks. Female divers dived there. **They** had to wait for the high tide to practise diving. When conditions were perfect, the tide pool was just like a real swimming pool!

At age 14 Aileen qualified for the 1920 U.S Olympic diving and swim team. Thanks to her qualification, she was able to travel around the world. On the 13-day journey to Belgium, Aileen practised swimming in a small swimming pool to be physically prepared for the competitions. Conditions at the Olympic Games were not much better since Belgium was still **recovering** from World War I. The outdoor pools were so muddy, Aileen was afraid that when she dived in, she would get stuck at the bottom forever. During the competition, she overcame her fears and won the gold medal in diving! She became the youngest Olympic gold medalist of her time at age 14.

At the 1924 Olympics in Paris, Aileen again competed in both swimming and diving. She won a silver medal for the 3 metre-springboard event and a bronze medal in the 100 metre-backstroke competition, making her the first person to earn medals in both diving and swimming in the same Olympic year.

Aileen made films, performed all over the world, and later became a sportswriter and she never stopped swimming. At age 85, she broke six world records for her group at the World Masters Swimming Championships. She continued to swim well into her nineties. Up to her death at age 96, she was the oldest living female Olympic medalist.
