B) COMPREHENSION (16 MARKS)

Read the following passage carefully then answer the questions below:

Everyone should make sure that the earth is a safe, clean and healthy place to live in. It means caring for the plants, animals, birds, sea creatures and each other. Over time, careless people have caused many problems like plastic pollution. Humans use plastic a lot because **it** is cheap, easy to make, strong and durable. It takes hundreds of years to **decompose** or break into small pieces. These pieces blow away everywhere by wind and rain. They poison and damage marine life, beaches and landscapes.

People can do lots of things to help end plastic pollution like doing the three (Rs.); which are “Reduce, Reuse and Recycle”. People should first reduce the use of plastic by avoiding single-use plastic objects and using other materials such as bamboo. Then, reuse some plastic objects many times if possible. The last thing is to recycle. Recycling is very important because it reduces waste which has a huge negative impact on the natural environment.
