Read the following passage carefully, then answer the questions that follow:

Travelling is one of the best ways to learn about different places, cultures, and people. Last year, I travelled to a small coastal town with my family. We spent the first day exploring the town's beautiful beaches. The sand was soft and golden, and the water was clear and blue. We also visited a local market, where we bought fresh fruits and handmade crafts. I was **fascinated** and surprised by how different everything was from my hometown. The food was new and different, **it** was really delicious.

The next day, we had a boat tour to a nearby island. As we sailed across the clear water, we saw dolphins jumping. On the island, we walked through a jungle and discovered a hidden waterfall. The experience was amazing, and I learned how important it is to travel and experience the world. Travelling helps people learn new things and create great memories that they can keep for years.
